

# CALL FOR PAPERS

**ICCMM 2020**  
**Mar 12-13, 2020**  
**Miami, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCMM 2020 : International Conference on Care Management in Medicals is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Care Management in Medicals. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemical, environmental, and  
process engineering  
Environmental engineering and  
sustainable development  
Process design and optimization  
Product innovation, development and  
economics  
Process intensification  
Nanotechnology  
Clean technologies  
Sustainable cities  
Health and the environment  
Health related organisms  
Waste minimization  
Optimization of collection systems  
Access to medications in developing  
countries

Affective computing  
Bioinformatics  
Clinical problems and applications  
Cognitive informatics  
Confidentiality and data security  
Critical care management  
Decision support systems  
Dental informatics  
Design and development  
methodologies for healthcare IT  
Development of assistive technology  
e-health  
e-health for public health  
Electronic health records and  
standards
