

# CALL FOR PAPERS

**ICDPM 2020**  
**Mar 12-13, 2020**  
**Miami, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDPM 2020 : International Conference on Digital Printing and Polymers is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Printing and Polymers. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Polymers, Metals, Ceramic and  
Properties  
Methods of 3D-Printing  
State-of-the Art in Fabrication  
Rapid Product Development  
Tools, Molds, and Manufacturing

Characterization and Standards  
Testing  
Nanocomposite and High-Performance  
Polymers  
High-Performance Metal Alloys  
3D Printing for Light weighting  
3D Printing for Oil and Gas
