

CALL FOR PAPERS

ICEDA 2020
Mar 12-13, 2020
Miami, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEDA 2020 : International Conference on Energy Demand Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy Demand Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy demand analysis
Dynamic energy demand analysis
Efficiency and demand analysis
Energy demand analysis and forecasting
Economic and technical foundations of energy demand

Information, data and interpretation of past demand patterns and trends
Modelling and forecasting of energy demand
Energy demand analysis in developing countries
Long-term energy demand forecasting
Interactive energy demand analysis
