

CALL FOR PAPERS

ICPVCP 2020
Mar 12-13, 2020
Miami, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPVCP 2020 : International Conference on Prognostic Value and Clinical Pathology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Prognostic Value and Clinical Pathology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Clinical pathology and chemotherapy	Merkel cell carcinoma
Prognostic value and clinical pathology	Cutaneous B-cell and T-cell Lymphomas
Neuropathology and tumors	Immunophenotyping
Clinical pathology findings in clinical diseases	Molecular techniques in hematopathology
Non-clinical toxicology testing in clinical pathology	Hematopathology of lymphoma
Clinical pathology implications in cancer patients	Therapy related neoplasms in hematopathology
Clinical pathology and diagnostic testing	Molecular genetic pathology
Molluscum contagiosum	Drug development
Advanced molecular testing	Molecular disease mechanisms
Dermatopathology diagnosis	Integrated disease management strategies
Skin histopathology	Molecular diagnostics and therapeutics
Dermatopathology in forensic autopsy	Molecular pathology of cancer
Neoplastic and inflammatory diseases	Molecular pathology of premalignant lesions
