

CALL FOR PAPERS

ICBPC 2020
Mar 26-27, 2020
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBPC 2020 : International Conference on Brachytherapy for Prostate Cancer is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Brachytherapy for Prostate Cancer. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cancer treatments

Advances in prostate brachytherapy

Three dimensional conformal radiation therapy

Intensity-modulated radiation therapy

Multidisciplinary Cancer Care

Brachytherapy's socioeconomic efficacy highlights

Intraoperative radiotherapy

Brachytherapy and radioisotope therapy

Molecular imaging

Computerized medical imaging and graphics

Image guided radiation therapy

Interventional radiology

Foreign body detection

Cancer immuno therapy and stem cell therapy

Socio-economic impact of cancer
