

# CALL FOR PAPERS

**ICCBC 2020**  
**Mar 26-27, 2020**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCBC 2020 : International Conference on Clay Based Ceramics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clay Based Ceramics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Raw Materials, Energy Efficiency,  
Control and Quality  
Industrial Ceramic Processing  
Cement and Gypsum  
Clay based Ceramics  
Refractories and Insulators  
Geopolymers  
Innovation for improved  
Productivity and Energy Efficiency  
for Ceramic Industry

Advanced Ceramics  
Bioceramics  
Electroceramics  
Nanoceramics and Composites  
Energy-based Ceramics  
Advanced Ceramic Processing
