

# CALL FOR PAPERS

**ICHVA 2020**  
**Mar 26-27, 2020**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHVA 2020 : International Conference on Human Vaccines and Autoimmunity is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Human Vaccines and Autoimmunity. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Vaccines against infectious diseases	Toxoid vaccines
Cancer vaccines	Geriatric immunization
Hepatitis vaccines	Immune mediated diseases-vaccines
Bacterial vaccines	Innovative development of vaccines
DNA vaccines	Mucosal vaccines
Combination vaccines	Child hood and maternal vaccines
Edible vaccines	Vaccines industry
Viral vaccines	Vaccines for unconventional diseases
Vaccines against vector borne diseases	Developing conjugate vaccines
Travel vaccines	Plant derived vaccines
Mosquito-borne diseases-vaccines	Vaccines for pregnant women and neonates
Protein based vaccines
