

CALL FOR PAPERS

ICPOC 2020
Mar 26-27, 2020
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPOC 2020 : International Conference on Polymers and Organic Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Polymers and Organic Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in Polymer Synthesis
Applied Chemistry
Biocatalysis in Polymer Synthesis
Biochemical Engineering
Biochemistry
Biomedical Engineering
Biopolymers
Green Chemistry
Nanotechnology
Novel Functional Polymers

Petroleum Engineering
Pharmaceutical Industries
Polymer Biomaterials
Polymer Processing
Polymer Science and Engineering
Polymer Synthesis and Structure
Polymers and Organic Chemistry
Polymers for Catalysis and Energy
Applications
Polymers for Separations and
Environmental Protection
Polymers in Medicine, Miochemistry
and Agriculture
