

CALL FOR PAPERS

ICBOLS 2020
Mar 19-20, 2020
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBOLS 2020 : International Conference on Biomedical Optics and Laser Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Optics and Laser Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Medical and biological imaging
instrumentation and techniques
Noninvasive physiological
monitoring
Laser-tissue interactions and
dosimetry
Laser diagnostic and laser
therapeutic methods, instruments,
and systems
Ophthalmic instruments, systems,
implants, and clinical
applications
Optical biosensors
Ultrasensitive detection and
optical clinical chemistry

Optical tomography and photon
migration
Endoscopic systems and
applications
Biospectroscopy and optoelectronic
instrumentation
Fiber optic sensors,
instrumentation, and techniques
Optical and structural microscopy
Applications of optical systems and
technologies to biology and
medicine
