

# CALL FOR PAPERS

**ICCFCE 2020**  
**Mar 19-20, 2020**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCFCE 2020 : International Conference on Carbon Footprint and Carbon Emissions is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Carbon Footprint and Carbon Emissions. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Carbon footprint  
Carbon footprints and sustainable solutions  
Sources of carbon emissions  
Solutions and sustainable actions  
Methods and strategies to reduce carbon footprint  
Protocols, policies and laws for carbon footprinting  
Measurement and reduction of carbon footprint of engineering applications

Carbon footprint of agricultural products  
Carbon footprint of transportation  
Carbon footprint of textile and fashion  
Carbon footprint of energy generation  
Carbon footprint calculation  
Carbon footprints of wood and other materials  
Low carbon technologies
