

CALL FOR PAPERS

ICISMAD 2020
Mar 19-20, 2020
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICISMAD 2020 : International Conference on Innovative Space Mission Analysis and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Innovative Space Mission Analysis and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Innovative space mission analysis
and design for space sciences
Innovative space mission analysis
for earth observation
Automatic identification systems
The space mission analysis and
design process
Mission characterization
Mission evaluation
Mission analysis

Space mission geometry
Orbit and constellation design
Space payload design
Spacecraft design and sizing
Spacecraft computer systems
Spacecraft propulsion systems
