

CALL FOR PAPERS

ICITNT 2020
Mar 19-20, 2020
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICITNT 2020 : International Conference on Innovative Textiles and New Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Innovative Textiles and New Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Innovative fashion	New technologies
Innovative textiles	Fashion technology
Innovative fashion design	Wearable technology
Applications	Technical textiles processes
Technical textiles	Textile chemistry
Nonwovens	Global industry
Functional apparel textiles	Modern processing technology
Manufacturing processes	Design and control
Development and production of innovative textile materials	Biometric smart shirts
Comfort and monitoring solutions for active lifestyle	Phone charging pants
Improvement of medical technology	Google conductive fibers
Demand for technical textiles	Smart watches
Environmental sustainability	Temperature regulating materials
