

# CALL FOR PAPERS

**ICMC 2020**  
**Mar 19-20, 2020**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMC 2020 : International Conference on Mobile Computing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mobile Computing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mobile and Ubiquitous Data  
Management and Processing  
Bridging the Digital and  
Physical Worlds  
Sensors and Sensor Analytics  
Usage and Usage Data Analytics  
Mobile Social Networking and  
Mobile Web

Mobile Work (requirements,  
characteristics, solutions...)  
Context-aware Systems and  
Applications  
Ubiquitous Computing  
Architectures and Infrastructures  
User Interaction and Usability  
on Mobile Devices  
Security and Privacy Aspects of  
(mobile) Sensing Applications
