

CALL FOR PAPERS

ICWBEP 2020
Mar 19-20, 2020
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWBEP 2020 : International Conference on Wastewater Bioremediation and Efficiency Process is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wastewater Bioremediation and Efficiency Process. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wastewater bioremediation
Bioremediation
Contaminants removal
Pharmaceutical removal
Heavy metals removal
Efficiency process

Constructed wetlands
Wastewater
Soils
Remediation of acidic mine water
Remediation of acidic mine water
and soils
