

CALL FOR PAPERS

ICAFE 2020
Mar 02-03, 2020
Rio de Janeiro, Brazil

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFE 2020 : International Conference on Agricultural and Food Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural and Food Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural Mechanization and Automation
Agriculture Processing
Bioinformation System
Bioprocess and Environment
Drying Technology
Fermentation Technology
Food and Agricultural Waste Management
Food Processing
Packaging Engineering
Particle and Powder Technology

Precision Farming and AgriGIS
Process Control and Integration
Process Modelling and Simulation
Safety and Health in Agriculture
Soil and Water Engineering
Postharvest Engineering and Technology
Aquacultural Engineering
Farm Structure
Animal and Plant Environment
Food Security and Safety
