

CALL FOR PAPERS

ICAE 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAE 2020 : International Conference on Applied Ecology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applied Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Community, ecosystem and global ecology
Biometrics, theoretical- and quantitative ecology
Multidisciplinary agricultural and environmental research
Sustainable and organic agriculture, natural resource management
Ecological methodology, monitoring and modeling
Biodiversity and ecosystem research, microbiology, botany and zoology

Biostatistics and modeling in epidemiology, public health and veterinary
Earth history, paleontology, extinctions, biogeography, biogeochemistry
Conservation biology, environmental protection
Ecological economics, natural capital and ecosystem services
Climatology, meteorology, climate change, climate-ecology
