

# CALL FOR PAPERS

**ICAIFGMN 2020**  
**Mar 05-06, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAIFGMN 2020 : International Conference on Artificial Intelligence and Fifth-Generation Mobile Networks is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Artificial Intelligence and Fifth-Generation Mobile Networks. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Artificial Intelligence in 5G  
Technology  
Applications of Artificial  
Intelligence in 5G  
Machine Learning and 5G

Big Data Applications for 5G  
Precision Network Planning with  
Artificial Intelligence  
Smart Massive MIMO
