

CALL FOR PAPERS

ICAMMA 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMMA 2020 : International Conference on Aerospace Manufacturing and Manufacturing Automation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerospace Manufacturing and Manufacturing Automation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Manufacturing technologies
Manufacturing systems engineering
Manufacturing enterprise operations
Manufacturing automation
Manufacturing machines
Manufacturing simulation
Digital manufacturing
Composites manufacturing

Metrology for aerospace manufacturing
Aerospace design and manufacturing
Composite structures and health monitoring
Aerospace component refurbishment
Design for manufacturing
Design integration
Design communication
