

# CALL FOR PAPERS

**ICAONT 2020**  
**Mar 05-06, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAONT 2020 : International Conference on Advanced Optical Networking Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Optical Networking Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Optical networks
- Optical networking technology
- Optical network architectures
- Enabling technologies for optical communication networks
- Wavelength-division multiplexing based networks
- Optical access and metro networks

- Long-haul optical networks
- Optical packet networks
- Optical burst-switched networks
- Fault-tolerant optical networks
- Optical network control and management
- Emerging industry standards
