

# CALL FOR PAPERS

**ICAST 2020**  
**Mar 05-06, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAST 2020 : International Conference on Archaeological Science and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Archaeological Science and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Archaeological science  
Archaeo-chronometry  
Archaeological feedback  
Archaeology of the Stone Age  
Bioarchaeology  
Ceramics, glazes, glass and vitreous materials
