

CALL FOR PAPERS

ICCEPCTA 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEPCTA 2020 : International Conference on Computing, Energy, Power and Communication Technologies and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computing, Energy, Power and Communication Technologies and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electronics Devices, Circuits and Systems
Cloud Computing, Computer Networks, Automata, Computer Architecture
Signal Processing
Data Mining and Big Data Analysis
Communication Technologies and Systems
Bioinformatics and Machine Learning Algorithms

Multimedia Processing Technologies and Systems
Power and Energy Systems
Language Technologies and Information Retrieval
Machines and Instrumentation
Robotics and Artificial Intelligence
Power Electronics and Control Engineering
