

# CALL FOR PAPERS

**ICDANCS 2020**  
**Mar 05-06, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDANCS 2020 : International Conference on Design and Analysis of Network and Communication Systems is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Design and Analysis of Network and Communication Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Networks and communication systems design

Design and evaluation of energy efficient networks and services

Design and evaluation of software defined networking architectures and networks

Design and evaluation of application / service oriented networking

Cross-layer design, modeling and optimization

Design and evaluation of content distribution networks

Design of networks and network services

Cooperative networking and unified management of connectivity

Tradeoff between performance and energy efficiency in network design

Design of network

architectures/technologies for ubiquitous 5G multitenant networks
