

# CALL FOR PAPERS

**ICEE 2020**  
**Mar 05-06, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEE 2020 : International Conference on Ergonomics Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ergonomics Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ergonomic Engineering  
Sound and vibration  
Decision making in the workplace  
Measuring behaviour in the field and laboratory  
Transport  
Green ergonomics and sustainability  
People in control  
Competence assurance  
Shift work and fatigue  
Inclusive design/user-centred design  
Construction ergonomics  
Emergency response and evacuation

Crowd management / crowd sourcing  
Manual handling and musculoskeletal disorders  
Mapping/navigation and wayfinding  
Safety culture and safety leadership  
Safety critical systems  
Warnings and alarms  
Human factors integration  
Military equipment and defence  
Human capability  
Innovation and creativity  
General ergonomics and human factors
