

CALL FOR PAPERS

ICMABS 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMABS 2020 : International Conference on Metaphoric Architecture and Building Styles is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Metaphoric Architecture and Building Styles. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Metaphoric architecture
Metaphors in architecture and urbanism
Metaphors in design problem solving
Metaphoric thinking in architectural representation
Development and history of metaphoric architecture
The philosophy and mathematics of metaphoric architecture

Sustainability in metaphoric architecture
New classical buildings and structures
Aims and characteristics of metaphoric architecture
Metaphoric architecture and pioneering architects
Design construction requirements and options
