

CALL FOR PAPERS

ICMAPCP 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMAPCP 2020 : International Conference on Microfluidics Actuators and Point of Care Platforms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Microfluidics Actuators and Point of Care Platforms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Microfluidics
Lab on a chip
Valves
Pumps
Mixers

Mems
Liquid handling
3D printing
Additive manufacturing
Point of care platforms
