

CALL FOR PAPERS

ICOJEM 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOJEM 2020 : International Conference on Online Journalism and Emerging Media is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Online Journalism and Emerging Media. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Online journalism
Web-based journalism and the new media of communication
Digital media and the future of journalism
Social media as sources and drivers of news
The changing 'places' and 'spaces' of news production and consumption in the context of digital media
News on the move and mobile telephony
The personalization of news
Business models for funding digital journalism in the digital economy
Developments in data journalism and data visualization
New research methods to analyze and explore digital journalism

Hyperlocalism and new understandings of community journalism
Changing relationships between journalists, sources and audiences
Citizen and participatory journalism
Machine written news and the automation of journalism
The history and evolution of online journalism
Changing journalism ethics in a digital setting
New challenges and directions for journalism education and training
Digital journalism, protest and democracy
Journalists' changing role perceptions
Wikileaks and novel forms of investigative journalism
