CALL FOR PAPERS

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICQAQM 2020 : International Conference on Quality Assurance and Quality Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Quality Assurance and Quality Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Quality assurance	Statistical control
Quality assurance systems, procedures and methodologies	Total quality management
	Models and standards
Initial efforts to control the quality of production	Quality assurance and standards monitoring
Quality management and control	Quality assurance in manufacturing practices
Failure testing
