

# CALL FOR PAPERS

**ICRAMOC 2020**  
**Mar 05-06, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRAMOC 2020 : International Conference on Recent Advances in Mechanism-Oriented Computing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Mechanism-Oriented Computing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanism-oriented computing  
Spatial computation  
Elastic computing  
Human-centered computing  
Embedded computing  
Entertainment computing  
Time-sensitive/temporal computing  
Soft computing

Fuzzy logic  
Neural computing  
Evolutionary computation  
Machine learning  
Probabilistic reasoning and belief networks  
Chaos theory  
Learning theory
