

CALL FOR PAPERS

ICSMP 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSMP 2020 : International Conference on Sports Massage and Physiotherapy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sports Massage and Physiotherapy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sports massage therapy
Work postures and hand placements
Sports massage applications
Event-based sports massage treatments
Sports massage applications for different sports
Soft tissue stretching in sports massage
Applied stretches to common muscle groups

Positional release techniques applied in sports massage
Myofascial release techniques and connective tissue massage
Myofascial pain syndrome
Sports injuries
Soft tissue treatment techniques for maintenance and remedial sports massage
Self massage and myofascial release techniques for the athlete
