

# CALL FOR PAPERS

**ICIECEIT 2020**  
**Mar 26-27, 2020**  
**Sydney, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIECEIT 2020 : International Conference on Electrical Engineering, Computer Engineering and Information Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrical Engineering, Computer Engineering and Information Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electrical engineering	
Battery management system	
Circuits and electronics	
Computer relaying	
Electric energy processing	
Electromagnetic and photonics	
Electro-optical phenomena of semiconductors and techniques of photoelectron	
Integrated optics and electro-optics devices	
Microwave and millimeter circuit and antenna	
Power electronics	
Power IC	
Remote control and techniques of GPS	
Robotics and atomization engineering	
	Signal integrity design for high-speed digital systems
	Signal processing
	Simulation of propagation
	Smart grid
	Solar power generation
	Techniques of laser and applications of electro-optics
	Wind power generation
	Computer science engineering
	Communication and networking
	Database systems, data warehousing, and data mining
	Information assurance
	Web services and technologies
