

CALL FOR PAPERS

ICBDAIC 2020
Mar 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBDAIC 2020 : International Conference on Big Data Analytics and Intelligent Computing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Big Data Analytics and Intelligent Computing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Methods and Techniques for Software
Development
Big data and Cloud Computing
Distributed Computing and
Cooperative Computing
Artificial Intelligence and
Intelligent Computing

Semantic Analysis and Knowledge
Engineering
Machine Learning and Pattern
Recognition
Computational Thinking and
Education Analysis
