

# CALL FOR PAPERS

**ICCAIA 2020**  
**Mar 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCAIA 2020 : International Conference on Cyborg Anthropology and Intelligence Augmentation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cyborg Anthropology and Intelligence Augmentation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cyborg anthropology  
Digital and cyborg anthropology  
Actor-network theory  
Artificial intelligence

Posthumanism  
Human and machine  
Science and technology as a  
socio-cultural practice  
Technoscience
