

CALL FOR PAPERS

ICDEIS 2020
Mar 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDEIS 2020 : International Conference on Digital Enterprise and Information Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Enterprise and Information Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biometrics Technologies.
Cloud, Grid, and Green Computing.
Computer Forensics, Computer Security.
Computer Crime Prevention and Detection.
Confidentiality Protection.
Critical Infrastructure Management.
Critical Computing and Storage.
Cryptography and Data Protection.
Data Compression.
Data Mining.
Data Stream Processing in Mobile/Sensor Networks.
Data and Information Quality.
Distributed and Parallel Applications.

E-Technology, E-Learning, and E-Government.
Fuzzy and Neural Network Systems.
Image Processing.
Internet Modeling.
Information Ethics.
Mobile Networking, Mobility and Nomadicity.
Mobile, Ad Hoc and Sensor Network Management.
Network Security.
Quality of Service, Scalability and Performance.
Sensor Networks and Social Sensing.
Semantic Web, Ontologies.
Social Networks.
Social Search.
