

# CALL FOR PAPERS

**ICEBESE 2020**  
**Mar 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEBESE 2020 : International Conference on Environmental, Biological, Ecological Sciences and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental, Biological, Ecological Sciences and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Air pollution  
Air quality and Coastal environment  
Air/Water Quality and Climate Change  
Biological and Life Sciences  
Biological Wastewater Treatment  
Bioremediation  
Biosystems and Environment  
Chemical Waste Treatment  
Clean, Renewable and New Energy  
Computational and Mathematical Modeling and Simulation  
Cultural heritage & architectural issues  
Earth and Environmental Sciences  
Ecological Systems

Ecosystems analysis and protection  
Ecotoxicology, Energy and environment  
Environment and Human Health  
Environment, Cities and Society  
Environmental Chemistry  
Environmental Economics and Education  
Environmental Engineering Systems  
Environmental Friendly Materials  
Environmental Integrated Management and Policy Making  
Environmental Legislation and Policy  
Environmental Pollution and Protection  
Environment and Sustainability  
Geographic Information Systems and Environmental Modeling
