

CALL FOR PAPERS

ICEELCE 2020
Mar 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEELCE 2020 : International Conference on Energy-Efficient Landscaping in Civil Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy-Efficient Landscaping in Civil Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy-efficient landscape design
Landscape planning for
energy-efficient homes
Selecting and planting trees and
shrubs
Wall sheltering
Earth sheltering and positioning
buildings
Green roofs and cool buildings

Reduced heat island effect
Site lighting
Climate and design considerations
Climatic sensitive landscape
design
Site and design considerations
Energy conservation
