

# CALL FOR PAPERS

**ICFD 2020**  
**Mar 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFD 2020 : International Conference on Food Digestion is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Digestion. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food Digestion, Nutrition Health and Medicine

Characterization of raw materials and processed food matrices for optimized nutrient bioavailability

Identification of bioactive compounds

Stability during processing

Characterisation of food structures

In vitro, in vivo and in silico models of mammalian

gastrointestinal digestion

Application of digestion models to food

Comparison in vitro/in vivo

Identification of digestion products

Evaluation of the healthy effects

Immunomodulatory properties of food

Regulation of appetite and satiety

Effect of food on gut microbiota

Nutrition, Health and Aging

Nutritional Science

Applied Nutrition and Epidemiology

Antioxidants, Phytoprotectants and Disease

Obesity, Diabetes and Eating Disorders

Diet, the Gut, Food Allergy and Intolerance

Diet, Fitness, Nutrition and Medicine

Nutritional Aspects of Pregnancy, Infancy and Childhood

Nutrition and Ageing

Healthy Nutrition and Natural Medicine

Lipids and Essential Fatty Acids

Dietary Minerals in Health and Disease

Clinical Nutrition and Nutritional Support
