

CALL FOR PAPERS

ICHCE 2020
Mar 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHCE 2020 : International Conference on Hardware and Computer Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Hardware and Computer Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer hardware

Components of a computer system

Processor

Main memory

Secondary memory

Input devices

Output devices

Von Neumann architecture

Different computer systems
