

# CALL FOR PAPERS

**ICIMHEIHC 2020**  
**Mar 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMHEIHC 2020 : International Conference on Integration Mechanisms and Hospital Efficiency in Integrated Health Care is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Integration Mechanisms and Hospital Efficiency in Integrated Health Care. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Integrated health systems	Co-ordinated care
Integrated health care delivery systems	Collaborative care
Integrated health information systems	Health care reforms
Management model in integrated health systems	Coordinated care health plan
Integrated health monitoring techniques	Integration of mental health professionals in primary care medical settings
Integration mechanisms and hospital efficiency in integrated health care	Collaboration between mental health and medical/nursing providers
Data warehousing in integrated health system	Organizational models
Integrated health service delivery networks	Payment models
The benefits of integrated health service delivery networks	Public policy instruments and institutional mechanisms
Integrated health solutions
