

CALL FOR PAPERS

ICMSF 2020
Mar 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMSF 2020 : International Conference on Mathematics with Statistics for Finance is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mathematics with Statistics for Finance. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Applications of mathematics and statistics in economics
Macroeconomics, public economics and methodological issues of economics
Social economics, economic sustainability and demographic economics

Financial markets, risk measurement and insurance
Microeconomic issues
Multidimensional statistics in economics
