

CALL FOR PAPERS

ICNDEDN 2020
Mar 23-24, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNDEDN 2020 : International Conference on Neuro-Developmental Engineering and Developmental Neuroscience is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neuro-Developmental Engineering and Developmental Neuroscience. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neuro-developmental engineering
Developmental neuroscience and
bioengineering
Early diagnosis of
neuro-developmental disorders
Neuro-biological mechanisms
Neuro-biological mechanisms of
human brain development
Quantitative analysis and modeling
of human behavior during
neuro-development

Neuro-developmental milestones
achieved by humans from birth
onwards
Studying neuro-developmental
disorders
Video-oculography
Mechanical sensing
Acoustic sensing
Gaze tracking
