

# CALL FOR PAPERS

**ICRA 2020**  
**Mar 23-24, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRA 2020 : International Conference on Religious Architecture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Religious Architecture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Religious architecture  
Modern religious buildings  
Sustainable architectural applications  
Religious architecture in building envelope maintenance  
Development and history of religious architecture  
The philosophy and mathematics of religious architecture

Sustainability in religious architecture  
Aims and characteristics of religious architecture  
Religious architecture and pioneering architects  
Religious architecture of Islam  
Church architecture and interior design  
Design construction requirements and options
