

# CALL FOR PAPERS

**ICHMPMA 2020**  
**Apr 09-10, 2020**  
**Athens, Greece**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHMPMA 2020 : International Conference on High-Modulus Polyethylene and Manufacturing Applications is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of High-Modulus Polyethylene and Manufacturing Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High-modulus polyethylene  
Structure and properties of  
high-modulus polyethylene  
Modification of high-modulus  
polyethylene  
Applications of high-modulus  
polyethylene

Fiber applications  
Medical applications  
Manufacturing applications  
Wire/cable applications
