

CALL FOR PAPERS

ICMMI 2020
Apr 09-10, 2020
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMMI 2020 : International Conference on Materials Modelling and Interoperability is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Materials Modelling and Interoperability. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Interoperability in materials
modelling
Status and requirements for
interoperability
Ontologies for interoperability

Data and documentation
Materials modelling marketplaces
