

CALL FOR PAPERS

ICASSD 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASSD 2020 : International Conference on Aircraft Structures and Structural Dynamics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aircraft Structures and Structural Dynamics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aircraft structures
Model updating/calibration
Uncertainty propagation
Uncertainty identification
Uncertainty modelling

Static
Structural dynamics
Aeroelasticity
Structural joint
Aircraft design
