

# CALL FOR PAPERS

**ICATSB 2020**  
**Apr 16-17, 2020**  
**Cape Town, South Africa**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATSB 2020 : International Conference on Architectural Technology and Sustainable Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Architectural Technology and Sustainable Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural technology  
Architectural theories and perspectives  
Computer-aided drawing  
Building methods and project management  
Construction technologies for materials  
Structural and mechanical knowledge

Building materials  
Construction methods  
Structural design  
Mechanical and electrical services  
Building codes  
Contracts and specifications
