

CALL FOR PAPERS

ICCEE 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEE 2020 : International Conference on Civil and Ecological Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Civil and Ecological Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Civil Engineering	Ecology and Environment
Structural Engineering	Landscape Ecology
Geotechnical Engineering	Aquatic Ecosystems
Bridge Engineering	Wetland Ecology
Geological Engineering	Soil Ecology
Tunnel, Subway and Underground	Atmospheric Environment
Earthquake Engineering	Meteorology and Climate Change
Coastal Engineering	Water Pollution and Treatment
Transportation Engineering	Environmental Biogeochemistry
Water Resources Engineering	Solid Waste Treatment and Disposal
Urban Planning and Design	Noise Treatment Engineering
Cartography and Geographic	Cleaner Production and Recycling
Information System	Economy
Geological Resources and	
Engineering
