

CALL FOR PAPERS

ICFBDFC 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFBDFC 2020 : International Conference on Food-Borne Diseases and Food Consumption is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food-Borne Diseases and Food Consumption. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food-related diseases
Causes of food-related diseases
Changing patterns of food consumption
Changes in food manufacturing, food distribution and storage
Environmental contamination and poor social conditions
Biological or chemical agents

Food quality and standards
Recent trends in food-borne disease
The symptoms of food-borne illnesses
Food safety risks
Prevention of food-borne disease
Strategies for reducing food-borne disease
