

# CALL FOR PAPERS

**ICFDT 2020**  
**Apr 16-17, 2020**  
**Cape Town, South Africa**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFDT 2020 : International Conference on Fusion Diagnostics and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fusion Diagnostics and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fusion diagnostics and technology  
Burning plasma diagnostics  
Radiation hardened detectors and electronics

Experimental techniques for  
high-temperature plasmas  
High-availability electronics for  
data acquisition and control
