

CALL FOR PAPERS

ICGGE 2020
Apr 16-17, 2020
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGGE 2020 : International Conference on Geomatics and Geological Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geomatics and Geological Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Civil Engineering and Geosciences
Coastal and Harbor Engineering
Computational Methods in Civil
Engineering
Construction Engineering and
Management
Engineering Materials
Geotechnical Engineering
Hydraulic Engineering

Structural Engineering
Earthquake Engineering
Engineering Seismology
Transportation Engineering
Geomatics Engineering
Geological Engineering
