

# CALL FOR PAPERS

**ICHBT 2020**  
**Apr 16-17, 2020**  
**Cape Town, South Africa**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHBT 2020 : International Conference on Human Biotechnology and Transhumanism is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Human Biotechnology and Transhumanism. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Human biotechnology  
Ethical issues in human  
biotechnology  
Human advancement technologies  
Human biotechnology engineering  
Human body augmentation  
Human body enhancement  
Human body replacement  
Human enhancement  
Human-machine integration  
Human-machine symbiotics  
Human-machine symbiosis  
Human-technology integration  
Physical enhancement technologies

Biocybernetics  
Bioelectronics  
Biomechanical engineering  
Biomechanics  
Biomechatronics  
Biomedical  
Biomimetics  
Biomimicry  
Cognitive science  
Computer science  
Computer technology  
Neural engineering
